

YOUR EMERGENCY MAILBOX DURING DISASTER RECOVERY

Safeguard your organization from costly unplanned email outages and disaster recovery situations with Email Continuity, which ensures your users can always send and receive new email via our portal.

Email Continuity provides redundancy for businesses on any email platform, including Office 365 and G-Suite.

KEY FEATURES

ALWAYS AVAILABLE EMAIL

Once enabled, Email Continuity is accessible 24x7 - not only during DR situations. Users can always send & receive new email from portal.

14 DAY EMAIL RETENTION

Users' previous two weeks of inbound email is always retained in the portal which can act as a replay function in the event of an email being accidentally deleted.

ACCESS FROM ANY DEVICE OR BROWSER

Email Continuity can be accessed from any browser, on any device, anywhere. As long as you can connect to the internet you can access your emails.

MAILBOX SYNC

When sending email from the continuity portal senders automatically BCC themselves meaning all sent email will appear in primary mailbox.
